DATED 30-5-24

[Despatch Abstract.]

Refce. 2397/24-A2-1. Office of the Chief Conservator of Forests,

Chepauk, Madras, dated the 27th March 1924.

H. Tiveman Esquire,
Ag. Chief Conservator of Forests.

D 1184 I
25/3

Read:- Letter from the District Forest Officer, Kollegal, to the Executive Engineer, Salem division No. 260/24-B, dated 13-3-1924.

In continuation of my letter R.O.C. No. 260/24-B, dated 20-2-1924, I have the honor to inform you that the water in my bungalow well has completely gone down and it is most inconvenient for me to live in an out of the way quarters without water in the well. For two days, I had water carried from the town but found it very inconvenient to do so from such a distance. There is also no water available in the vicinity. I have therefore vacated my quarters temporarily from the afternoon of the 12th instant. I regret to inform you that no tangible steps have been taken till now to deepen the well. The Public Works Department Overseer has just now written to me that he has submitted an estimate for deepening the well and that the work will be commenced as early as possible. I request that you will be good enough to intimate to me the date when the well is deepened and sufficient water is made available so that I may reoccupy the quarters.

Copy of endorsement of the Executive Engineer, Salem division No. 289 S.E. dated 17th March 1924 on the letter read above.

Copy forwarded to the Superintending Engineer, Coimbatore Circle, in continuation of No. 205 S.E., dated 27th February '24. An estimate has been received from the Sub Division Officer, Tiruppathur but it takes time to pass through the various offices. What am I to do in cases of this kind? Am I to commence deepening all wells immediately a requisition is received from the occupant? It certainly must be very inconvenient to them when the wells dry up. But against this there are definite Government Orders about doing work without an estimate and if I do so it will

certainly mean correspondence for the next two years at least. Particularly in the case of residences as the capital cost and consequently rent will be increased. This is a very important question as I have received another similar request and am likely to get more.

Copy of endorsement by the Superintending Engineer, Coimbatore Circle on the letters read above.

Copy to the Chief Conservator of Forests with the estimate for favour of obtaining administrative approval of Government.

The data statement is called for from the Executive -- Engineer, Salem division and will be submitted as soon as received

---

REFERENCE:--

Submitted to the Government with the request that the estimate may be sanctioned and the work treated as urgent.

27. 3. 24
For Ag. Chief Conservator.

To the Secretary to Government,
Development Department. (With an estimate).

There is no provision under "Minor Works" "Forest" for the ~~South Coast~~ Salem Div, in the Current years budget. The S.E. may be able to meet the small sum of Rs 150/- by re-appropriation from the grant for buildings & Roads at his disposal under the head 'Forest'

2 As the quarters are vacant from 13th March and Govt are losing rent expenditure may perhaps be approved draft order is submitted which may be sent to Development Secy. for acceptance

3 On account of the proposed increase in the capital cost of the quarters will be

be increased by about Rs 150/- and the increased rent leviable thereon will be 1 Re. per mensem. The present capital cost of the quarters is Rs 8224 and the present normal rent is Rs 37/- per mensem. As the average salary of the officer who will occupy the quarters is not known, the Development department may be requested to to forward the proposals to finance for acceptance, if the rent of Rs 38) 37+1) exceeds 10% of the monthly salary of the occupant.

To Under Secy,

Please see P. W. D. notes at Arlone. Kollegal is a minor Divn. and only E. & Cs will be posted for it. The average pay of E. & Cs is Rs 531/2 and the rent recoverable at 10% is Rs 53·1 (approximately). It will thus be seen that the rent of Rs 38/- is not in excess of 10% of the ~~salary~~ average pay of an

E.A.C. The draft order below may be accepted in this Dept and the file passed on to Finance.

Quarters of the D.F.O., Kollegal – Deepening of the well – Estimate – Rs 150.

Standard rent of the building after the work of deepening the well is carried out will be (Rs 37+1) = Rs 38

10% of the average salary of the occupant is Rs 53.

The full standard rent of the building will, therefore, be recovered from the occupant under F.R 45 (b). ~~Submitted Draft Dev. order above. Must also have a Note for the Finance only when the rent exceeds 10% of the salary of the occupant vide P.W.D note~~

2 Funds The P.W.D. have stated that S.E. may be able to meet the expenditure from any savings in the provision of Rs 2,600 for "minor works -

Forests – N. Arcot Dr. A sentence to this effect may be added to the draft order.

A provl. data statement for calculating the rent of the building has since been received and is at pages 7-9 C.F. It will be seen from Column 14 of the statement on p 8 C.F. that the

the rent recoverable after the improvements already under execution and those now proposed are carried out, will be Rs 41 and not 1,38 as assumed on page 2 ante. As however the rent recoverable is within 10% of the average salary of the occupant which is Rs 53-1, the draft order already approved may be issued
